- 4. Report on March Ride --Lynn**  
There were 20 attendees. The ride started in Folsom and traveled through the farmlands to Lodi. The weather and roads were great. A&W was very happy to have us and did a special raffle just for us and Alison won an A&W t-shirt. They also put our group picture on their Facebook. Lynn expressed how much time is required to plan a ride and thanked Jeanie, Max and Charlotte for assisting in all the pre-ride planning.  
**RCB Rider skills improvement day** - Lynn is coordinating a track day sponsored by RCB club. Our own Sue C. and DeeDee will assist at this event. It will be held in Fernley, NV. on 6/23, a fee of \$185 will cover track time and includes lunch and free camping. The women's group will ride on the C track and there will be three 20 minute sessions. If interested contact Lynn. She will post a link to the website.

**8. Lights-----Sue C.**

Sue C. shared info regarding Clearwater lights, which she had installed on her motorcycle. With your headlight and these two lights they create a triangle that is very noticeable by other vehicles. She had the Darla 2000 lumens w/ dimmer installed. Clearwater is located in Rancho Cordova off Mercantile. Mention GCR and get the group rate of \$399, they will install which take about 1½ hrs. Check out their website- [www.clearwaterlights.com](http://www.clearwaterlights.com)

**9. Dee Dee & Lynn-----updates on getting Appt. to go to Snell Helmet Plant?**

To make this 3hrs tour worthwhile for the volunteers at Snell we need at least 15 attendees. But now that the weather has gotten nicer, which means more riding, DeeDee doesn't want this to conflict w/ planned rides so it was decided to hold off till fall.
