

AUGUST 8, 2015 GCR RIDE
(NOTE there is a choice of 2 routes to the Lunch stop....)

SUE'S ROUTE - more challenging....

Meet: Chevron, Town Center Eldorado (see email for times)

August ride is **rated 5** stars, the mileage to lunch is 150 and route is over Ebbetts pass which is very twisty. There's a 15 min meetup-gas stop in Murphy's and lunch is at Wolf Creek restaurant in Markleeville.

See your email for the meetup spot at 8:45a (riders meeting) clutches out 9am.
Please RSVP so I can give Wolf Creek a heads up.

I welcome a GCR member to lead a second group up 50 to 89 & meet for lunch, the departure time will need to be adjusted the distance is only 98 miles.

KAREY'S ROUTE - more relaxed ...

Meet: Chevron, Town Center Eldorado (see email for times)

Route: Mormon Emigrant **Rated 3**.

Most of this route is fairly straight with areas of wide, sweeping curves that will be taken at moderate speeds. There are a couple of short sections with tighter curves that we will take at speeds comfortable for the average rider. My pace will be set to make this a do'able route for any member who rides regularly. But, .. this is not a beginner's route due to a section with some altitude (which may cause slight vertigo), a few sections with tighter curves and a distance of 100+ miles.

We'll be taking a bathroom break on CA 88 and doing a ** little hop over (and back) via Luther pass to gas up at the Chevron. (this accommodates small tank sizes, gives us an added scenery, and better aligns are restaurant arrival time)

Please RSVP!

This is a beautiful, open forest road – one of my favorite ‘beat the summer heat’ runs.
